## Let's Go to the Movies

*Several months ago I listed some of my favorite books that had a “religious” or “Lutheran” flavor to them. This month you get the movie version of that list. When I was in Seminary, I took a “Film and Theology” course. Yes, we watched movies. No, that is not all that we did. The main discussion of the class (and what I had to write several papers about) is how religious themes present themselves in very popular movies. Some of your favorite movies may even have these themes to them whether you realize it or not.*

*Some of my favorite that have religious themes:*

- *The Matrix (and its sequels)*
- *Amistad*
- *Shrek (and its sequels)*
- *A Knight's Tale*

*Want to see if your favorite movie has religious themes? Type the following link into your web browser, and search for the movie by name.*

*I think some of you will be pleasantly surprised. I imagine some of you will also start watching movies through a different lens, mainly, through the lens of faith.*
